

# Automating vendor payment for optimal efficiency

## Solution Overview

MRI Software's Vendor Pay, Powered by AvidXchange, is an MRI Financials module that automates the payment of vendors. Whether you're paying via check, ACH electronic payment, or virtual credit card, you have the freedom to submit one simple transaction to pay all of your vendors without leaving the MRI system. By leveraging AvidXchange's robust payment network, MRI users will streamline their payment process and reduce costs.

## Key Features

- A one-button batch process for paying all your vendors
- The AvidXchange payment network is automated to and from MRI
- Maintain control by seeing the status of your payments from inside MRI
- Mirror your current invoice approval processes for easy implementation
- Streamlined workflow with a central invoice repository

Invoice Management with MRI Vendor Pay =

**80%**  
**COST-PER-PAYMENT  
REDUCTION**  
from \$7.17 to \$0.79

**80%**  
**COST-PER-INVOICE  
REDUCTION**  
from \$9.00 to \$1.50

## Business Benefits

- Dramatic cost reduction by automating the payment process
- Reduce fraud and risk with automated positive pay
- Time savings from automated processes
- Free your staff to focus on what's important
